Compelling PlexAbility

Discover more with the MILLIPLEX® PLEXpedition 115-plex screening panel

Key Features:

- Includes all necessary components including premixed beads and premixed detection antibodies
- Uses the same critical raw materials for easy transition to MILLIPLEX® Qualified Assays
- Excludes matrix to create sample agnostic panel for greater flexibility
- Screens up to 115 analytes at once saving time, money, and sample

Description	Cat. No.
115-plex configurable panel	HPLX1-115SP
80-plex fixed analyte kit	HPLX1-115SP-PX80
115-plex fixed analyte kit	HPLX1-115SP-PX

The Life Science business of Merck KGaA, Darmstadt, Germany
operates as MilliporeSigma in the US and Canada.

Millipore®

Select the analytes you need based on the instrument you have:

xMAP® INTELLIFLEX® or FLEXMAP 3D® Instrument

Luminex® 200™ Instrument

MAGPIX® Instrument
